Introduction

This guidebook is written and issued by the administration at Hibbing Community College as an official source of current operational policies and procedures. To minimize the number of regulations and procedures, only those items are included which seem essential to good organization, communication, and coordination. Each member of the staff, however, is expected to be familiar with the information in this guidebook.

The guidebook should be regarded as a supplement to all professional staff contracts. Although an attempt has been made not to repeat information in those contracts, the procedures and policies in this guidebook are to be considered in the context of the terms and official interpretations of the contracts. In the case of any conflict between this guidebook and the contracts, the terms of the contracts will prevail.

It is presumed that things will change. The guidebook is intended to be dynamic and adaptive. In general, changes in our policies and procedures will come in one or more of the following ways:

1. Legislative changes in Minnesota statutes;
2. Policy/procedure memoranda from the Department of Administration of the State of Minnesota;
3. Changes in system-wide or specific institutional policy/procedures approved by Minnesota State;
4. Administrative changes made by the System Office;
5. Changes developed at the initiative of the college administration with the approval of the Provost;
6. Changes initiated by the Faculty Association in discussions with the administration and approved by the Provost;
7. When logical and appropriate, changes initiated by other personnel constituencies, i.e., AFSCME, MAPE, MAA, in discussions with the administration and approved by the Provost;
8. Changes that result from conflict with the terms of official interpretation of the terms of the contract or from a successful grievance to that effect;
9. Changes that result from additional negotiations between the individual unions and Minnesota State.

This guidebook is designed to facilitate deletions, modifications, or additions as they occur.
COLLEGE PROFILE

HIBBING COMMUNITY COLLEGE

History of the College

Hibbing Community College, a technical & community college, was established on July 1, 1996, through the consolidation of Hibbing Community College and Range Technical College-Hibbing.

Hibbing was one of the first towns in the nation to expand educational opportunities by opening a two-year college in 1916. Thus, Hibbing Community College is one of the oldest two-year colleges in Minnesota and the nation. Eleven students attended the first and only course offered in 1916 at Hibbing Junior College -- later known as Hibbing State Junior College and then as Hibbing Community College. Campus locations changed three times -- from North Hibbing, to the west wing of Hibbing High School and finally to its current location.

The Hibbing Area Vocational Technical Institute was established in 1962. It responded to the need to provide post-secondary vocational opportunities for high school graduates and miners who were being affected by the “boom and bust” cycles on the Iron Range. The institution was renamed a “technical institute” in 1987 and a “technical college” in 1989. In 1992, it merged with the Eveleth campus to form Range Technical College.

The college offers a wide variety of liberal arts courses, transfer programs, occupational and technical programs, customized training, student activities, recreational and athletic programs and fine arts programs.

The college’s new co-location project resulted in the building of a new addition to the campus. The new campus better supports HCC's educational mission and enriches the lives of all who study and work here. The new facility is truly a campus for the 21st century.

In 2004, Hibbing Community College joined the Northeast Minnesota Higher Education District, a group of two-year technical, community and consolidated colleges in Minnesota’s Arrowhead region. Joined together under one President and governance structure, HCC and its sister colleges now, more than ever, effectively serve the life-long learning needs of the people of this region.

In 2019, HCC moved into its newly renovated buildings which provided a modernized library relocated to the center of campus, a new bookstore, a “one-stop” student services area, and a welcoming new main entrance to greet students to campus.
Non-Discrimination in Employment and Education Opportunity

Hibbing Community College is committed to a policy of nondiscrimination in employment and education opportunity. No person shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in, programs, services, and activities with regard to race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity or gender expression. In addition, discrimination based on membership or activity in a local commission as defined by law or familial status is prohibited.

Harassment of an individual or group on the basis of race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, or membership or activity in a local commission has no place in a learning or work environment and is prohibited. Sexual violence has no place in a learning or work environment. Further, Hibbing Community College shall work to eliminate violence in all its forms. Physical contact by designated system, college, and university staff members may be appropriate if necessary to avoid physical harm to persons or property.

Lack of English skills will not be a barrier to admission or participation. In order to eliminate barriers we take appropriate measures to assess each student's ability to participate and benefit through placement testing and counseling. Based on the assessment and counseling, students are then provided with campus services or a referral to community services to be better prepared for successful participation.

To look at data or request copies of data that HCC keeps, make a written request. Make your written request for data to the appropriate individual listed in the Data Practices Contacts document on page 3. You may make your written request for data by mail, fax or email, using the data request form on page 5.

If you choose not to use the data request form, your written request should include:
- that you, as a member of the public, are making a request for data under the Data Practices Act, Minnesota Statutes, Chapter 13;
- whether you would like to look at the data, get copies of the data, or both; and
- a clear description of the data you would like to inspect or have copied.

HCC cannot require you, as a member of the public, to identify yourself or explain the reason for your data request. However, depending on how you want us to process your request (if, for example, you want us to mail you copies of data), we may need some information about you. If you choose not to give us any identifying information, we will provide you with contact information so you may check on the status of your request. In addition, please keep in mind that if we do not understand your request and have no way to contact you, we will not be able to begin processing your request.

**How We Respond to a Data Request**
Upon receiving your written request, we will work to process it.
- If we do not have the data, we will notify you in writing as soon as reasonably possible.
- If we have the data, but the data are not public, we will notify you in writing as soon as reasonably possible and state which specific law says the data are not public.
- If we have the data, and the data are public, we will respond to your request appropriately and promptly, within a reasonable amount of time by doing one of the following:
  - arrange a date, time, and place to inspect data, for free, if your request is to look at the data, or
  - provide you with copies of the data as soon as reasonably possible. You may choose to pick up your copies, or we will mail or fax them to you. If you want us to send you the copies, you will need to provide us with an address or fax number. We will provide electronic copies (such as email or CD-ROM) upon request if we keep the data in electronic format. Information about copy charges is on page 4.
If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please let us know. We will give you an explanation if you ask.

The Data Practices Act does not require us to create or collect new data in response to a data request if we do not already have the data, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. (For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request.) If we agree to create data in response to your request, we will work with you on the details of your request, including cost and response time.

In addition, the Data Practices Act does not require us to answer questions that are not requests for data.

**Requests for Summary Data**

Summary data are statistical records or reports that are prepared by removing all identifiers from private or confidential data on individuals. The preparation of summary data is not a means to gain access to private or confidential data. HCC will prepare summary data if you make your request in writing and prepay/pay for the cost of creating the data. Upon receiving your written request – you may use the data request form on page 5 – we will respond within ten business days with the data or details of when the data will be ready and how much we will charge.

*Minnesota Statutes, section 13.03, subdivision 2(b), requires us to have this document.*

Hibbing Community College charges members of the public for copies of government data. These charges are authorized under Minnesota Statutes, section 13.03, subdivision 3(c).

You must pay for the copies before we will give them to you.

**For 100 or Fewer Paper Copies — 25 Cents Per Page**
100 or fewer pages of black and white, letter or legal size paper copies cost 25¢ for a one-sided copy, or 50¢ for a two-sided copy.

**Most Other Types of Copies — Actual Cost**
The charge for most other types of copies, when a charge is not set by statute or rule, is the actual cost of searching for and retrieving the data, and making the copies or electronically transmitting the data (e.g. sending the data by email).

In determining the actual cost of making copies, we factor in employee time, the cost of the materials onto which we are copying the data (paper, CD, DVD, etc.), and mailing costs (if any). If your request is for copies of data that we cannot reproduce ourselves, such as photographs, we will charge you the actual cost we must pay an outside vendor for the copies.

The cost of employee time to search for data, retrieve data, and make copies is $25.28 per hour. If, because of the subject matter of your request, we find it necessary for a higher-paid employee to search for and retrieve the data, we will calculate the search and retrieval portion of the copy charge at the higher salary/wage.

Position Descriptions
Position descriptions are written for each non-faculty position, and copies are retained by both the supervisor and the employee. A copy is available in the personnel file at the Human Resources Office. The supervisor and employee should keep the position description updated as necessary. It will be reviewed at least yearly and/or updated every 3 years at the time of any performance reviews.

Personnel Files and Data Privacy

Benefits
Employee benefits for eligible employees include insurance, retirement plan, paid vacation and sick leave, paid holidays, tuition waivers, and other attractive additions to wages. Eligibility for benefits are generally set through collective bargaining. Employees will find details of benefits available in the appropriate employment contract. Questions regarding eligibility for and information about benefits can be addressed to the Human Resources staff.

Employee Assistance Program
The Minnesota State Employee Assistance Program (EAP) was established because State employees and agencies experience distress from time to time. Personal issues sometimes create job performance problems for individuals, supervisors, and work groups. The State, as an employer, wants to provide the means for an employee to get help easily, confidentially, and voluntarily. Since employees are the State’s most important resource, both our State agencies and our employees benefit from the Employee Assistance Program. Minnesota State Employees, their family members and managers can receive free confidential counseling and referrals for personal issues by calling 651-259-3840 or 1-800-657-3719. The Human Resources Office can provide further information regarding program information. You can also find information at: https://mn.gov/mmb/segip/health-solutions/employees/eap/

Family and Medical Leave Act (FMLA)
See http://mn.gov/mmb/segip/humanresources/fmla.jsp. Further information can be obtained from the Human Resources Office regarding eligibility and procedures to use FMLA.

Wages and Paychecks
Paychecks are issued every other Friday (bi-weekly) and direct deposit is the State’s mandatory method of issuing wages. Direct deposit is required for all employees. There are 26 paychecks in a 12-month period.

Check advices will be obtained by employees on the State’s website which can be found at https://www.nhed.edu/human-resources/self-service-pay-calendar. They will not be mailed to employees’ home addresses. Questions regarding the paycheck or payroll information can be addressed to the Human Resources Office.

Union or Plan Membership
Eligible employees of Hibbing Community College are represented by the following contract bargaining unions and plans:
- AFSCME
- MAPE (Minnesota Association of Professional Employees)
- MMA (Middle Management Association)
- MSCF (Minnesota State College Faculty)
- Personnel Plan for Administrators
- Commissioners Plan

All contracts and plans can be found at: http://www.nhed.edu/human-resources/benefits-resources Your bargaining unit will contact you directly in regard to any applicable dues.

Leave Use and Requests: Sick Leave, Annual Leave (Vacation), Personal Leave, and College Business Leave
Hibbing Community College employees use electronic timesheets (E-Timesheets) to track days worked and requested leave time. Electronic timesheets are located at http://www.nhed.edu/human-resources/e-timesheets-faculty-leave.
Faculty are to call 218-262-7200 and press 0 (zero) for an illness or unplanned absence.

For **College business leave**, all employees are required to use the Authorization for Absence for State Business when they are going to be off campus for work. Form available at HCC’s webpage under Faculty/Staff, Faculty/Staff Forms, Authorization for Absence. This form should be submitted and approved **prior** to state business absence.

Please refer to your applicable bargaining unit contract or plan for all leave language. There are current expectations for employees requesting and using paid leave. Specific questions about departmental expectations, supervisory discretion, and contractual differences should be addressed by employees and their supervisors.

**Staff Development and Training**
Hibbing Community College encourages all employees in life-long learning and career development. It is the College’s obligation to balance this philosophy with the expectation that students are our highest priority and the responsibility to maintain a financially-sound institution.

Hibbing’s staff development and training activities include a variety of learning opportunities:
- Technology Training and Development
- Faculty Sabbaticals (contractual benefit)
- Administrative Sabbaticals
- Tuition Waivers (contractual benefit)
- Project Release Time
- Staff Duty Days
- Conferences
- Individual Career Planning
- Health Promotion
- Retirement Seminars (not individual retirement counseling)

Questions about staff development can be addressed to the Human Resources Office.

**Statement of Dress**
At Hibbing Community College, we are very proud of our image as a high-quality educational institution in both the local communities and the larger academic community. Our image is formed, in part by the impression employees make on students and the public. Personal appearance is a factor in creating an impression. Changes in fashion and differences in job assignments make it difficult to create specific guidelines; therefore, we ask that employees help us maintain our positive public image by making clothing choices that are appropriate to their work environment.

**Leave Usage Clarification**
**Hibbing Community College**

**College Business Leave**: The Employee Guidebook briefly addresses this type of leave, “College business leave is to be requested and authorized **prior** to taking it, using the Authorization for Absence form available. Any expenses involved should be noted.”

The College Administration will make every effort to review and return requests in the shortest possible time so plans for travel can be made and appropriate business office forms can be
submitted. Special circumstances should be discussed with the supervisor when divergence from the normal procedure may be necessary or time is at issue.

Communication between supervisor and employee is the best way for expressing the expectations in a particular department. Conversations regarding the expectations would help to clarify things for all parties.

**Sick Leave:** An employee who calls in to notify the supervisor of illness or has a medical emergency which necessitates leaving work is expected to fill out a request on their Etimesheet immediately upon returning to work. Doctor appointments and scheduled surgeries (for example)—planned leave—are to be submitted in advance. A reasonable expectation of the definition of “advanced” should be a topic of discussion between supervisors and employees. In some areas of the college where a replacement may need to be found, a longer period of time may be required.

**Annual Leave:** Employees are allowed annual leave per their contract bargaining unit. It is important to communicate all leave requests to your supervisor in advance. Supervisors will base their decision on leave approval per contract bargaining unit language.

**Faculty Personal Leave:** This type of leave is specific to faculty. The contracts do not address how to administer approval for leave. Advance notice should be given for leave that is planned. The use of personal leave for unforeseen events/emergencies should be called in to the supervisor and front desk. Otherwise, faculty should request leave via Etimesheets.

These are the current expectations for employees requesting and using paid leave. Specific questions about departmental expectations, supervisory discretion, and contractual differences should be addressed by employees and their supervisors.

**NOTE:** HCC Faculty & Staff are to use electronic timesheets [http://www.nhed.edu/human-resources/e-timesheets-faculty-leave](http://www.nhed.edu/human-resources/e-timesheets-faculty-leave) and sign in with their StarID and Password.

Questions regarding paid leave usage or accrual can be addressed to the Human Resources office. Leave records for faculty and staff are available on Etimesheets.

COVID-19 Notice
Hibbing Community College holds as paramount the health, safety and welfare of every member of its community. Hibbing Community College, however, cannot guarantee a COVID-19-free environment. Unfortunately, the risk of COVID-19 exposure exists in all public places where people are present. Hibbing Community College is taking all recommended steps to mitigate this risk, but we cannot categorically guarantee you will not get sick. Minimizing the risk of COVID-19 infections (or any other spread of disease) at Hibbing Community College is a shared responsibility. As outlined below, every member of our community—including you—must do their part. Understand that if you return to the physical campus of Hibbing Community College, there is a risk you may contract COVID-19 and that illness, injury or death is a possible result.

Screening
Before entering campus, individuals must self-screen, using the following questions:

If ALL five of the ABOVE are NO, the individual can be on campus.

If ANY of the ABOVE are YES, the individual WILL NOT BE ALLOWED to be on campus. They should stay home until ALL of the following conditions have been met:
- They have had no fever for at least 72 hours (without the use of fever reducing medications)
- At least 10 days have passed since their symptoms first appeared
- It has been 14 days since they have been exposed to someone who has tested positive for COVID-19

If an individual becomes sick during the day, they should go home and monitor their symptoms. They should contact a healthcare provider should symptoms persist or worsen.

Face Masks/Coverings
- Face masks/coverings must be worn at all times on campus in public settings (e.g., common workspaces, public spaces, hallways, stairwells, elevators,
meeting rooms, classrooms, labs, break rooms, restrooms, etc.). Face coverings are also required in outdoor settings on campus if social distancing cannot be observed.

- Faculty who are delivering on-campus instruction may remove their face mask to teach, provided they are located within a delineated teaching area that is no less than 10 feet from students.

- Employees and students should provide their own masks.

- If an employee or student comes to campus without a mask, one will be provided by the college.

- An employee who cannot wear a face mask/covering due to medical or other reasons should contact Human Resources for possible accommodation measures. Students should contact Accessibility Services for possible accommodation measures.

**Note:** Watch for updates on these continually changing procedures.
WEATHER EMERGENCIES & EVACUATION
HIBBING COMMUNITY COLLEGE

In accordance with Minnesota State Policy 4.4 Weather/Emergency Closings, the following is the procedure when it becomes necessary to close the college, delay the opening, or cancel academic or non-academic activities, due to inclement weather or other emergency conditions. The procedures will also describe working conditions and the compensation status of employees during the time the College is closed.

The authority to close the college campus, cancel classes or other activities when a weather or other emergency exists resides with the College Provost or Provost’s designee. Closure of State Agencies by the Commissioner of MN Management and Budget does not apply to any Minnesota State campus. NHED will follow any state declaration of emergency declared by the Governor.

Alterations to the College’s normal operating schedule may include:

Cancellation of Classes and/or Activities: The Provost or designee may decide to cancel classes and/or activities. In this case, no employees are excused from work. Employees must communicate absences from work to their supervisor through their normal call-in procedures and may request leave time to cover any work absences.

Delayed Opening: The Provost or designee may decide to delay the opening of the campus for a designated period of time other than those operations deemed essential to the protection of life and property. Only essential staff report to work at their usual start time, all other employees are to report at the designated start time.

Campus Closure: The Provost or designee may decide to close the campus other than those operations deemed essential to the protection of life and property. Only essential employees report to work unless notified by their supervisor. All non-essential employees are excused from work with pay without regard to labor contracts. The code MSL should be used on staff timesheets for any time missed due to campus closure.

Circumstances may change after the campus has been closed. A supervisor may determine the services of essential employees who are on duty at that time are no longer needed and essential employees may be released from work with pay.

**Procedure and Notification:**
The College Provost or Designee will make appropriate notifications to employees, students, community and Brian Yolitz, System Office Facilities at 651-201-1777.

Determination of closing or delayed opening shall normally be made by 6 a.m.

Both employees and students will be notified through announcements via HCC’s website homepage (under Cancellations) and on the following radio and television stations: USA, WTBX, WMFG, KMFG, WMFG (218-263-7531), WDIOTV/WIRT TV (218-279-7757 or www.wdio.com), KDLH/KBJR (www.northlandsnewscenter.com), along with notification to those employees and students on StarAlert. StarAlert Emergency Notification (BlackBoard Connect) is the emergency notification messaging system. In the event of an emergency, a text message will be sent to the cell number and/or email address that you provide. The Star Alert system will only be used in emergency situations. Sign up at: [https://hibbing.bbcportal.com](https://hibbing.bbcportal.com). Instructions for updating/changing the listed notification information will be given out to students and employees on the HCC website homepage, at Cardinal Kickoff, on bulletin boards, etc.

When the college is closed due to an emergency, the following additional guidelines will prevail:

- When a campus is closed, college employees are excused from work with pay. A campus closure applies to all employees without regard to labor contract. Essential employees who are not excused from work will be paid at their regular rate of pay.
- Employees who reported to work and were sent home should not be paid for more than their regular scheduled hours. Employees shall not be enriched through additional compensation, including compensatory time, or increased benefits as a result of an emergency situation.
- Employees who were required by their appointing authorities to remain at work should not be paid for more than their regular (scheduled) hours or the actual number of hours worked inclusive of any overtime.
- Employees on approved sick or pre-arranged vacation leave shall not have such leave time restored to their balances.
- Employees on any approved leave with pay shall not be paid for this emergency leave time.
- Employees who called in, on the day of an emergency, for vacation time, compensatory time or leave without pay will be credited with emergency leave from the point of declaration of the emergency to the end of the scheduled shift, if the appointing authority ceased operations during their regular shift.
- Employee uniform time reports should indicate the date and number of emergency hours utilized in the remarks section of their uniform time report.
An employee’s absence with pay for emergency situations shall not exceed 16 hours during that emergency unless the Provost has authorized a longer period.

Cancellation of Classes and/or Activities - When classes are cancelled but the college is not closed, individual faculty shall take personal leave or make appropriate curricular adjustments (for example, scheduling make-up classes, meetings, office hours, or other compensatory activities) as approved by their supervisor.

When non-academic activities are cancelled, the activities shall be rescheduled when appropriate and possible.

Inclement Weather When the College is Not Closed – Due to personal circumstances during inclement weather, such as place of residence, employees might find it necessary to leave work early even though the college has not been closed. Further, employees might be unable to get to work even though the college is open. In such cases, personal leave or vacation leave may be granted or, if working conditions permit, the time may be made up, at the discretion of the supervisor.

Emergency Response Procedures

Emergency procedures due to terrorist threats:
Upon receipt of information pertaining to the above during the typical class day, the person receiving the information should notify the administration (provost, dean, etc.) and/or call 911. The administration will contact civil authorities to determine appropriate evacuation procedures.

Should such information be received during weekends or evening classes, the person receiving the information should notify the custodian on duty. The custodian will notify administration and civil authorities. Evening and/or weekend classes may be cancelled.

Severe Weather/ Tornado
When severe weather/ tornado is coming, you have only a short amount of time to make life-or-death decisions. Advance planning and a quick response are the keys to surviving a severe weather/ tornado.

Tornado Watch
When a tornado watch is announced, this means that tornadoes are expected in, or near, your area.

Tornado Warning
When a tornado warning is issued, it means that a tornado has actually been sighted, or has been indicated by radar, and this or other tornadoes may strike in your vicinity. Public warning will come over the radio.

DO NOT leave the building. Move away from the perimeter and exterior of the building and locate a posted SEVERE WEATHER SHELTER/TORNADO AREA sign. These areas are located in all buildings of the college. If you do not have time to locate a severe weather shelter area:

- Move to lowest level
- Go to an inner hallway or a smaller inner room without windows, such as a bathroom or closet
• Vacate any exterior rooms and close the doors to those rooms.
• Get away from windows.
• Take shelter under stairwells and tables, if possible.
• Avoid places with wide-span roofs such as auditoriums, cafeterias or large hallways.
• Go to the center of the room. Stay away from corners because they tend to attract debris.
• Sit down
• Cover your head.
• Make every effort to remain calm and encourage those around you to do likewise.
• If you have a mobility impairment and you have not pre-arranged an evacuation plan go to a room (closet or bathroom) on an interior wall without windows and cover your head. Try to let someone know where you will be.

Fire Drills
Minnesota State Law requires a number of fire drills periodically, and these drills need your most serious cooperation and consideration.

In A Fire Emergency
Familiarize yourself with your evacuation route. Please familiarize yourself with the location of all emergency and regular exits. If you have a mobility disability you need to pre-arrange an individual evacuation plan.

VIOLATION OF FIRE SAFETY RULES PUTS LIVES IN JEOPARDY. TAMPERING WITH FIRE ALARMS OR FIRE EQUIPMENT CAN RESULT IN FINES AND POSSIBLE INCARCERATION ACCORDING TO MINNESOTA STATE LAWS.

SERIOUS ACCIDENT or ILLNESS
Call 9-1-1
1. Do not move sick or injured person(s).
2. Be careful to avoid personal contact with any body fluids such as blood, vomit, or saliva.
3. Stay with the victim and reassure him/her that help is on the way.

POWER Failure - This is what you should do:
1. Remain calm- stay where you are.
2. Await instructions from Administration or Maintenance personnel.
3. If instructed to evacuate, use designated emergency exits ONLY.

HCC & NHED Employee Parking Fee Policy & Procedure
(Adopted September 2011 Shared Governance)

POLICY
All employees shall pay parking fees as mandated in Minnesota State Colleges and Universities Board Policy 5.11 and Procedure 5.11.1 and as noted below:

Part 4. Mandatory Fees. Mandatory fees are in statute or policy and are required to be charged at all colleges and universities.

Subpart B. Parking fees.

1. Colleges and universities shall develop a policy to charge parking fees to generate revenue for parking lot construction, improvements and maintenance, and parking enforcement, pursuant to Minnesota Statute § 136F.67.
2. The president shall determine the fees. Students shall pay an amount that is equal to or less than that paid by the institution’s employees for the same type of parking (e.g. reserved, general, etc.).

3. Colleges and universities have the option to collect fines and towing fees for parking violations pursuant to Minnesota Statute § 136F.53.

**PROCEDURE**

The parking fee amount is determined by the Northeast Higher Education District (NHED) President’s Cabinet and is currently set at an annual maximum of $60.00. The annual parking fee for each employee will be calculated using the employee’s full-time equivalent (FTE) assignment. Any change in the maximum parking fee will be communicated to all employees. All NHED colleges will provide employees the opportunity to participate in pre-tax payroll deduction. Each employee must give authorization to have the parking fee deducted from their paycheck. The payroll deduction date will occur twice a year; the first paycheck in March and October.

The college designated contact will distribute the payroll deduction authorization form to all employees. If the employee elects to participate in payroll deduction, the employee must sign and return the authorization form to the college designated contact by the due date. The form is completed only once by the employee and remains in effect until the employee discontinues participation in the payroll deduction or the employee’s assignment has ended.

Employees electing not to participate in the payroll deduction process will be invoiced by the Business Office for their parking fee. Employees must pay the parking fee within 30 days of receipt of the invoice. If payment is not received within the 30 days of invoice, the Business Office will follow the standard collection procedures.

A payroll deduction authorization form is part of the new employee packet. There may be instances where employees have been hired for a weekend class or a specific event (i.e., College for Kids) and the parking fee may not be assessed to those individuals.

**Waivers and refunds.** Employee waiver will be granted on an exception basis only. There will be no refund of parking fees.

**Use of collected fees/fines.** Parking fees and fines will go into a dedicated fund that can only be used for repair and maintenance of existing lots or paving of new lots.

Official course outlines are kept by the provost’s secretary and are on file in the Curriculum Specialist’s Office.

Course Syllabi
The purpose of a course syllabus is to communicate to students’ information about the specific course they will be taking and what is required of students to complete the course with a passing grade. Hibbing Community College Course Syllabi will include the following:
- Course Name
- Course Number
- Catalog Description
- Prerequisites
- Instructor Specific Information (e.g. office location, office phone, email address, etc.)
- Required Materials (e.g. textbooks, tools, specific calculator, etc.)
- Major Content Outline
- Specific Methods of Assessing Student Learning
- Grading Policies Including Academic Integrity
- Attendance and Makeup Policies
- Necessary Special Information (e.g. special fees, hazardous materials, required field trips, etc.)
- Disability Statement
STUDENTS WITH A DOCUMENTED DISABILITY AND ARE IN NEED OF AN ACCOMMODATION, PLEASE CONTACT: Director of Accessibility Services, Jennifer Boben. 218-262-7363
The Accessibility Services Office is located in Student Services – M-128.

Instructors must provide students with a course syllabus of each class within a maximum of one week from the first class meeting. (per Minnesota State Board Policy 3.22 http://www.minnstate.edu/board/policy/322.html) When courses are offered in condensed format, the timeframe for distribution of the syllabus shall be adjusted accordingly.

Scheduling of Courses
Course schedules are developed in the office of the Academic Affairs Coordinator in collaboration with administration and faculty. Members of the Student Services Department are also consulted during the development and review process. It is the goal of HCC to provide students with a full-year schedule (fall and spring of the next year) to be available immediately after the March AASC meeting.

For occupational programs desiring to make a change in the course schedule, the proposed changes must be approved by the appropriate advisory board and curriculum committee prior to the March AASC meeting. For liberal arts departments proposing changes or new course offerings, these proposals must be approved by the appropriate curriculum committee and presented at or before the March AASC meeting.

When the tentative course schedule is complete, each instructor will receive his or her assignment for review. This review is critical so any changes can be made before the final schedule is presented to students. Once students are registered for classes, changes are very limited. Faculty members are encouraged to request rooms for their courses, and all attempts are made to accommodate those requests.

Student Evaluations
Faculty will evaluate and grade students according to the guidelines set up in each course syllabus. The grades will be entered online to the HCC website during the “open for grading” window at the conclusion of each term. Questions with online grading are to be directed to HCC’s Registrar in Student Records. Grade books must be retained by faculty a minimum of one year after the class has been completed (per AASC – April 2005).

Attendance Policy
Attendance/Non-Attendance
It is expected all students enrolled in courses are present, on time, and complete all assigned work. The degree to which student absences affect course grades will be specified in writing and given to students on the first day of the class.

Students who register for a class and stop attending or never attend without officially dropping or withdrawing will be held responsible for payment and receive an earned grade for the classes. A grade of FN will be recorded for courses a student never attends without officially withdrawing.

Absences
Class Absences
It is expected each student enrolled will be present, on time, and complete all assigned class work. The degree to which student absences affect course grades will be specified in writing and given to students on the first class day.
Excused Class Absences
Students participating in intercollegiate activities, co-curricular activities, field trips, etc. authorized by the college will be excused from class attendance but not from the responsibility for work assigned during absence. Instructors, advisors, or coaches requesting the absence of students for co-curricular events shall inform the Provost or Dean of Academics in writing at least five (5) class days before the time of the absence. If these absences are authorized, the lists of students must be to all faculty at least three (3) class days prior to the absence. Emergency situations may affect the ability to follow the notification timeline; however, all efforts for timely notification will be made.

For intercollegiate activities, the Athletic Director will distribute team lists and athletic schedules to faculty prior to the start of the respective season. Athletic events outside of the regular schedule shall not be held during the academic year if they require student athletes to miss regularly scheduled classes unless approved by college administration.

Instructors are expected to make every effort possible for students to make up work missed due to authorized absences. Students missing classes above are encouraged to contact their instructors, counselor, or advisor. A student who has ceased attending classes may not receive a financial aid disbursement unless the Federal Refund / Repayment calculation shows eligibility. If the student disputes that they have ceased attending, they may appeal utilizing the Student Petition process.

The nature of certain classes make it impractical, if not impossible, to make up missed class time and related assignments. Students’ grades may be negatively impacted in those classes regardless if the student absence is excused or unexcused. Course syllabi will identify grade implications and impact of student absences.

Student Discipline
The Code of Conduct is outlined in the Student Handbook. Violations must be dealt with following the established procedures as outlined in the Handbook.

Grade Appeal
Hibbing Community College recognizes the long-standing and widely accepted practice that the individual classroom instructor is the final authority in evaluating student performance in his/her courses. It follows that this right brings with it a responsibility to provide students with a clearly stated course grading policy and be fair and consistent in applying this policy. This also means the student has a right to receive from an instructor an explanation of any grade received. See complete policy here: http://hibbing.edu/assets/sites/hibbing/uploads/pdfs/Policies/GradeAppealPolicyApproved-042711.pdf

Faculty Secretaries
Assistance for faculty is available from the Faculty Secretaries.

Faculty Absences
If you know of an absence in advance, please submit your Etimesheet request (Personal/Sick Days) and email the Provost’s Executive Assistant or submit a State Business Absence form (located on the web) and turn it into the Dean of Academics as early as you can. This information
will be relayed to the faculty secretaries and announcement of the cancellation will be posted on the web and classroom doors on the scheduled date of absence.

For unplanned absences, such as an illness, the faculty member should call **262-7200 and press 0.** Leave a message if no one answers (the switchboard 262-7200 begins operation at 7:30 a.m.). Messages are retrieved and class cancellations will be posted on the web. You can also email your absence with any specific instructions for students to (all three): Carrie Pearson carriepearson@hibbing.edu and Sandy Glad sandra.glad@hibbing.edu. If an instructor is unable to be present for a scheduled class, efforts should be made to inform students in advance. However, if no announcement is made, students are required to remain for ten minutes after the class is scheduled to begin unless a longer delay has been specifically announced.

**Posting of Office Hours**
Faculty members are to maintain office hours for consultation with students. Faculty office hours are to be posted on or near office doors at the beginning of each term. Online faculty should post office hours in their online class.

**Faculty Shared Governance Council**
This group is composed of faculty and administration to exchange views, review policy, and provide faculty an opportunity to make recommendations on personnel, student affairs, facilities, fiscal matters, and general matters.

**Academic Affairs and Standards Council (AASC)**
The purpose of AASC is to provide direction in academic affairs, including course outlines, award requirements, academic standards, course and program components, and the inventory of course and program offerings. This council is composed of two-thirds faculty members and one-third administrators and/or other staff. A faculty member serves as chair of the Council. The MSCF contract provides additional guidance regarding the structure and process of AASC.

Purchasing Procedures
The college follows Minnesota State Procedure 5.14.5 Purchasing. This procedure requires that funds are encumbered for all purchases and services prior to ordering. An expenditure or obligation authorized or incurred prior to encumbering funds is illegal and ineligible for payment until made valid and is in violation of M.S. 16A.15, Subd. 3. An employee authorizing or making the payment, or taking part in it, is liable to the state for the amount paid. A knowing violation of MS 16A.15, Subd. 3 is just cause for the employee's removal.

Bid solicitation or quotes are not required for purchases from Minnesota Department of Administration master contracts, MN.IT Services master contracts, Minnesota State master contractors or through other cooperative purchasing agreements listed on the system’s official web site. Whenever practicable you are encouraged to use the services from a Certified Target Group (TG) or Economically Disadvantaged (ED) vendor if one provides the desired commodity.

Purchase requests are submitted via Marketplace (purchasing and accounts payable software). Once request is approved, a purchase order will be generated and distributed to vendor.

All goods received must be signed and dated by requestor. The packing/shipping/receiving document must be forwarded to accounts payable in support of invoice. Requestor marks invoice “okay to pay,” dates and forwards it to accounts payable for processing.

Employer-Issued Credit/Purchasing Card
Purchasing cards provide the college with a cost-effective, convenient and streamlined method of purchasing items, thereby reducing the volume of individual vendor payments processed by the college. If an employee is interested in receiving a credit/purchasing card, a completed purchasing card application form must be completed and approved by supervisor and College Provost. The cardholder must follow all system and college purchasing and purchasing card procedures.
**Equipment Management**
Items $10,000 or greater or items deemed “sensitive” (i.e., computers, firearms, cell phones, etc.) require a “Property of the State of Minnesota” asset tag. The business office will provide the asset tag, and the purchaser is responsible for tagging and monitoring such equipment. The college must follow Minnesota State system procedures for the disposal of college property. Contact business office staff for assistance.

**Employee Expense Reimbursement**
All travel must be approved in advance by employee’s supervisor. All reimbursement requests must be turned in within 30 days of trip. Those expense reports not processed within 60 days of trip are subject to Federal, State and Social Security Taxes. All reimbursements require receipts with the exception of meals. Meals are reimbursed for the actual amount up to the limits stated in each employee’s contract. Please refer to employee contract to determine when (hours in travel status) meals will be reimbursed.

Employee business expense reimbursement form can be found on the Human Resources website at the following URL:  [http://www.nhed.edu/human-resources/employee-forms](http://www.nhed.edu/human-resources/employee-forms)

Information Technology Acceptable Use Policy
Hibbing Community College

A) In General
Hibbing Community College (“we,” “the College,” “our”) provides numerous information technology resources for use by Hibbing Community College to support its educational mission. The use of these resources must be consistent with the goals of the College. As a member of the HCC community, you are expected to act responsibly and to follow the College’s guidelines, policies and procedures in utilizing information technology and electronic networks accessed by such technology. The College’s acceptable use policy includes the following guidelines and applies to each HCC community member, including faculty, students, staff or other users:

• Respect the rights of others to freedom from harassment or intimidation. Sending of abusive or unwanted material that causes the work or College experience of others to be disrupted is a violation of College policies may violate the law and is unacceptable.

• Respect copyright and other intellectual-property rights. Copying of data or passwords belonging to others will be considered a violation of College policies, a violation of the law and may constitute fraud, plagiarism or theft. Software licensed by HCC must only be used in accordance with the applicable license. Modifying or damaging information without authorization (including but not limited to altering data, introducing viruses or simply damaging files) is unethical, a violation of College policies and may be a felony in the United States.

• Identify yourself clearly and accurately in electronic communication. Anonymous or pseudo-anonymous communications appear to dissociate you from responsibility for your actions and are inappropriate. Concealing your identity or misrepresenting your name or affiliation to mask or attempt to distance yourself from irresponsible or offensive behavior is a serious abuse and violation of College policies. Using identifiers of other individuals, including using such identifiers as your own, constitutes a violation of College policies and constitutes fraud.

• Abide by security restrictions on all systems and information. Distributing or making your password or another person’s password or access code available to others or otherwise attempting to evade, disable or “crack” password or other security provisions or assisting others in doing so threatens the work, privacy and well-being of many others and is a serious violation of College policies, grounds for immediate suspension of your access privileges and other disciplinary action.

• Use resources efficiently. Accept limitations or restrictions on computing resources, such as storage space, time limits, amount of resources consumed, when so instructed by the College. Such restrictions are designed to ensure fair access for all users.

• Recognize limitations to privacy in electronic communications. You may have an expectation that the contents of what you write or create, store and send is seen only by those to whom you intend or give permission; however, the security of electronic information on shared systems and networks is approximately that of paper documents in an unsealed envelope — generally respected, but could be breached by someone determined to do so. Also note that, as part of their responsibilities, technical managers or other persons may need to view the contents to diagnose or correct problems.

• Accept responsibility for your own work by learning appropriate uses of software to maintain the integrity of what you create. Keep archives and backup copies of important work. Learn and properly use the features for securing or sharing access to your information on any computers you use.

Resources may be used for lawful and permitted purposes only. Use of resources for unlawful purposes or for uses not specifically permitted by the College, or assisting another in such use, is a serious violation of College policies and grounds for disciplinary action and other sanctions.
The College extends College policies and procedures for use and access to information technology and systems outside the College accessed via College facilities. Network or computing providers outside the College may additionally impose their own conditions or appropriate use, for which you are responsible.

When necessary, in the College’s discretion to maintain continued reasonable services to the rest of the community, or in cases of irresponsible use, units providing resources, such as Academic Computing, may suspend privileges and may disallow connection of computers (even personal ones) to the campus network or take or recommend other action necessary or appropriate. You are expected to cooperate with investigations by resource managers or others at the College, either of technical problems or of possible unauthorized or irresponsible use as defined in these guidelines, in its other guidelines, policies or procedures, or as may otherwise be identified by the College from time to time; failure to do so may be grounds for suspension or loss of access privileges and other disciplinary action as indicated in the acceptable use policy, below in the online network services policy or as otherwise determined by the College. The Harassment Officer will investigate and document apparent or alleged violations of the Sexual Harassment and Sexual Violence policies as they apply to technology use. The Human Rights Officer will investigate and document all other apparent or alleged violations of this policy.

B) On-Line Network Use
Hibbing Community College has computers capable of accessing the Internet, and other on-line computer networks (collectively, “on-line networks”). We encourage members of the College community to use on-line networks for educational purposes under the appropriate circumstances. However, in order to protect our rights and the rights of others and to lessen exposure to potential liability resulting from the nature and use of information a student or faculty member posts or transmits through on-line networks, certain rules must be followed. Anyone who violates College policies including those set forth in the Hibbing Community College Student Handbook, others adopted from time to time or applicable law, shall be subjected to sanctions, including without limitation, prohibiting connection to or use of any campus network, disallowance of the privilege to connect computers to the campus network, prohibiting use of any of our computers to access any on-line network, fines, restitution, probation, suspension, expulsion, termination of employment or other action (or any combination thereof).

1. **Passwords.** You may be given passwords we have selected for accessing on-line networks. You are responsible for maintaining all passwords in confidence and not to disclose or make available any to third parties without our prior written consent. You will be held responsible and will be liable for any harm resulting from your disclosing or allowing disclosure or improper use of a password.

   An I.D. sign-in procedure is necessary in all open labs (labs not part of any particular class). You must present your student I.D. card to be held by the person in charge of the lab. The person in charge will assign to you the use of a specific computer. When you are ready to leave, you must pick up your I.D. card.

2. **On-Line Conduct.** On-line networks shall be used only as permitted by the College, only in accordance with applicable College policies and only for lawful purposes. Any conduct that in our sole discretion restricts or inhibits others from using an on-line network or violates College policies or applicable law is not permitted and will be subject to sanction and disciplinary action. You are prohibited from posting on or transmitting through any on-line network any
unlawful, harmful, threatening, abusive, harassing, defamatory, vulgar, obscene, profane, hateful, racially or ethnically demeaning or threatening or otherwise objectionable material of any kind, including without limitation, any material which encourages conduct that would constitute a criminal offense, give rise to civil liability or otherwise violate any applicable law or College policies. We reserve the right to restrict and/or interrupt communications through or by use of any of our computers or computer services, which we believe to be harmful to the College or to others using the applicable on-line network or a violation of College policies or any third party’s rights. More specifically and without limitation, the following conduct violates College policies and is not permitted:

- **Offensive Communication.** Use of vulgar, abusive or hateful language is prohibited.
- **Harassment.** Targeting another person or organization to cause distress, embarrassment, injury, unwanted attention or other substantial discomfort is harassment which is prohibited. Personal attacks or other action to threaten or intimidate or embarrass an individual, group or organization, or attacks based on a person's race, national origin, ethnicity, handicap, religion, gender, veteran status, sexual orientation or another such characteristic or affiliation are prohibited.
- **Offensive Graphic Files.** Transmitting through or posting on any on-line network sexually explicit images or other content we deem to be offensive is prohibited.
- **Impersonation.** Communication under a false name or designation or a name or designation you are not authorized to use, including instances in conjunction with representing that you are somehow acting on behalf of or under the auspices of Hibbing Community College are prohibited.
- **Chain Letters and Pyramid Schemes.** Transmission of chain letters and pyramid schemes of any kind are prohibited. Certain chain letters and pyramid schemes are illegal. Letters or messages that offer a product or service based on our utilizing the structure of a chain letter are also of questionable legality.
- **Improper Advertising, Solicitation.** Use of any on-line network to send unsolicited advertising, promotional material or other forms of solicitation to others is prohibited, except as permitted by law and when not prohibited by College policies and in those areas that are designated for such a purpose, for example, a classified ad area.

3. **Remote Access for Employees.** Hibbing Community College IT department offers limited remote access capabilities for the purposes of completing work-related activities. It is the Employee's responsibility to properly limit and secure physical access to systems set up with this access in mind. Employees are responsible for any data transmissions across our remote access solution and may be liable for any or all incidents or breaches they may incur as a result of lax personal security measures. Employees should keep laptops shut down and put away when not in use for work. Employees should not use the VPN connection for purposes other than work. Employees may absolutely NOT share their remote access credentials with anyone. Access to the remote access solution is granted only with supervisor approval and may be temporarily limited by IT staff for technical and security reasons. Access to the VPN will be terminated only with supervisor approval.

**Hibbing Community College Web Policy and Procedures (2/20/08)**

**Purpose**
The Hibbing Community College (HCC) Web site is an official publication of the college that represents the college electronically to the public-at-large 24 hours a day. The Web site is designed to share specific information about the college and the services offered to enrolled and prospective students, faculty and staff, and the community. Unlike printed and broadcast materials, however, this medium presents the possibility of continually updated information from a widely diverse authorship. To aid the college community in creating an effective presence on the Web, the Web Steering Committee has initiated the following procedures.

**Responsibility and General Policy**
The Web Steering Committee is responsible for the overall look and feel of the College Web Site. The Web Steering Committee will design and approve web content policy and procedure, approve and secure resources needed for specific web projects, and coordinate all web content publishing efforts with department supervisors and lead Faculty.

The Supervisor of Technology is responsible for allocating project resources and communicating web development needs and progress to the Web Steering Committee and other project stakeholders.

The Webmaster is responsible for planning and implementing approved web projects, ensuring web site availability, and consulting with the Supervisor of Technology as to how to accomplish proposed projects.

However, the college pursues a decentralized approach to the creation and maintenance of institutional Web pages, with recognized college entities (Student Services, academic departments, or student organizations) producing and maintaining their own material. Web page authors within these entities are responsible for preparing and maintaining the content of their pages. It is the author’s responsibility to ensure that all Web page content is accurate, current, useful, professional, and consistent with the HCC mission. All web pages must comply with college policies and any federal, state, and local laws including, but not limited to, copyright, libel and indecency statutes.
Supervisors are responsible for ensuring that all Web pages in their respective areas adhere to these policies.

HCC values creativity in web development within the standards listed in this document and the limited resources available to such initiatives. Web pages should reflect consistency and a unified campus identity while allowing for flexibility and individual department functionality. Therefore, the following guidelines have been established.

Disclaimer

If college guidelines/policies are violated or disregarded, the college reserves the right to suspend publishing privileges or remove pages while the matter is referred to the appropriate college body.
